**RESOLUTION # 076-21**

The Mayor stated the next item on the agenda is the Revised Tentative Budget FY 2021/2022, he mentioned if there is anyone in the audience that wants a copy of the Budget they are in the back. He continued this is good news, because the Revised Budget is the 3rd work over, and we came up with not quite a zero percent increase; it is actually 0.05 or .03, so it is a good Budget. He added he will turn it over to Village Clerk-Treasurer Kufel. Village Clerk-Treasurer Kufel stated since the last Board Meeting, we went through and there are probably 10 items, either decreased as far as expenses or increased as far as revenues. She continued the main supporting factor lies in the revenues; we are almost rest assured that we are getting something from the American Rescue Plan there. She added she has been tracking all of the Covid expenses, so we have basically earmarked some of those funds that we would need to be recouped for the expenses, also there was a loss in revenue and again, we earmarked what we forecasted that should have been; and we are earmarking some of the Rescue Plan for that. The Mayor asked if there were any other comments. He stated he has had a conversation with one elected official here, he has always been a proponent and others have as well. He continued many the residents do not want to hear it, but you always want to raise taxes some, because you do not want to get behind and have a big increase. He stated this year, if any year, our Village residents could use a break; that is another part of the reason we fought hard. He continued Cicero and Clay are going to see a rise in assessments this year as well, it is not limited to Salina, actually that will increase our revenues; but it is not a thing that anybody is looking forward to. Trustee Strong added who knows what school taxes are going to. Dep. Mayor Gustafson made a motion to approve the Revised Tentative Budget FY 2021/2022. The motion was seconded by Trustee Strong. A letter was sent to resident of POD, have not heard back yet. Was put on Website Poll Question which was, are you in favor of limiting the duration of PODS on property; 30 no and 17 yes. It was explained after 6 mos. it is no longer a temporary
structure; it becomes permanent and then would follow the Zoning Code. The process was explained that the Codes Dept. follows. Some Trustees were not in favor of additional legislation while others felt it should be addressed and in place in advance in case something happens. Marzocchi is trying to figure out who has legal interest in it right now as both of the owners are deceased. He continued when we know who it is, we can send something to them or contact them about the house, we will do that; it is a long process that gives them 40 days to fix it, even though the letter states, it is in disrepair past the point of repair. MAYOR’S REPORT:

The Mayor stated Rt. 11 paving project is underway, they told us a lot of it is going to be done at night. He thinks the actual paving will be a night time project, so we are going to deal with an inconvenience for a while, but will be worth it in the end. He continued we had planned to hand out our 2nd Business of the Month this afternoon, but the business could not be here; the business was Nesticos.
He added we gave him a plaque last week and pictures will probably end up on Facebook. He spoke of a Poll Question and encouraged suggestions for Business of the Month, there are many worthy businesses that have been there a long time. He continued next is the new law and Cannabis and all that entails. He stated the reason that he brought up the smoking issue with Parks Director Burkinshaw is as far as he knew, it was our practice that you could smoke on the pavement area to our parks. He continued he did not know if it was written in our law, but that is what we have been allowing, so going forward are we going to allow people to smoke. Parks Director Burkinshaw stated there is no local law and he knows Onondaga County has smoke free parks and we are part of that. He continued he did not know if they fall under the umbrella of that, and thought we should ask Atty. Germain, because we did abide when the County went smoke free and Marijuana Legislation, some has to be done by the end of the year, so you need to keep that deadline in place. He continued you can opt out; it is called opting out and has to be done by local law process subject to submissive referendum no matter what. He added in terms of licensing and shops or consumption areas. He stated in terms of the times, place, and manner restrictions; a lot of your Villages are allowed to do that. He continued including banning smoking in public parks, that is not a deadline issue, because it is not tied to licensing, you can do that whenever you want to, if you want to. The Mayor stated he believed we are going to do a Poll Question; there is a deadline for the end of this year to determine whether we opt in or out of the sales, consumption. Atty. Germain stated there are 2 separate licenses. The Mayor added because we have a Main St. with a lot of store fronts, we potentially could have lots of those facilities on Rt. 11, so that is a topic that needs to be discussed with lots of questions that need to be answered, so we will continue working on that. He shared there is Rental Relief thru Onondaga County Emergency Rental Relief and it is posted at both the Village Hall and the Comm. Ctr. He stated if you know of anybody that is struggling in addition to the other reliefs that are available to us, Onondaga County also has money for anyone struggling with rent. The Mayor suggested that the Trustees go over to the Fire Dept. and see the changes that have been made there, they have done a lot. He reminded Arbor Day, April 30th at 6:00 PM, right over here we are going to plant a tree honor former Mayor, former Dep. Mayor, and former Trustee Diane Browning.

Dep. Mayor Gustafson made a motion to adjourn at 5:46 PM. The motion was seconded by Trustee Wilmer. The motion was approved: St. Germain, Strong, Wilmer, and Gustafson, all voting in favor of the same.
