He added the $5,000 for the drainage work on Rt. 11 from Dog Daze up to Ferguson, the sum not to exceed. He explained what we were trying to pass was for the design of the swale that was for CHA to do a design; it was not for money being spent to do the work that we already authorized and told verbally. He went on that we had an agreement with Ulster Paving or whoever that was, to do drainage work. He stated we had a meeting several of the DOT members, DPW Sup’t Ware and himself; we agreed that we could do this, it is not going to totally solve the problem, but it will help. He added that is why the correction needs to be made, because that money was to be spent on the design for the potential swale, so if you would accept that correction. Village Clerk-Treasurer Kufel stated she did not get a chance to read them. Trustee Strong stated it was not what was presented; it was what he brought up at the last
meeting. Mayor Butterfield entertained a motion to approve the minutes with that correction. Dep. The Mayor suggested eliminating Laborer I. and Laborer II. of which some are classified as right now. It was suggested to replace with Public Works Maintenance Worker, so they can do anything; be on a vehicle, piece of equipment or using a rake or shovel; they can do it all. The Mayor spoke of a conversation with DPW Sup’t Ware, suggesting we take all the employees we have, bringing them up to Maintenance Worker starting at $21/hr. He added this gives us a better opportunity when we go to hire somebody if we can find somebody with skills; they can do more instead of somebody just starting out that is just a Laborer, not for retaining someone that wants to leave. He stated the other issue is the Firehouse Caretaker. He had spoken with Frank Antonocci from the Union, who stated we can exempt him, because he is not a Maintenance Worker; he is a Caretaker. Trustee Strong stated his concerns: not enough time to dive into documents, no listing of a step schedule and how that would be done, and felt it should be dealt with during contract negotiations in January. DPW Sup’t Ware stated he had it in his Budget this yr. when we were doing our Budget to bring 2 Laborer II. up to Maintenance Workers. He continued they are working out very well in their positions and the Laborer I. he was going to move up to a Laborer II, because he rec’d his CDL and he is learning the routine on the jobs that needs to be done. He added the person that is leaving; he would leave no matter what. The Mayor added we do not have to vote tonight, but when he brought it up to DPW Sup’t Ware; he agreed he would like to do that and so he reached out to Mr. Antonocci and he stated there would be no problem. He stated when the negotiations come up we
can incorporate it, but in the meantime, he does not have a problem with it and neither did DPW Sup’t Ware, so it is going to impact 3 or maybe 4. DPW Sup’t Ware stated yes. Trustee Wilmer stated he thinks getting ready of Laborer I. and Laborer II. is a mistake, he worked there and it is more of a training. He continued going from a Laborer I. to a Laborer II. and then to a Maintenance Worker was the main plan when he worked there, that was talked about. Trustee St. Germain stated it would be an attractive position to a lot more than you think if they knew that they had something to reach towards. She continued it is a small Village and she used McDonalds, it could be Burger King or whatever, but it is not what it is; it is a reputable position. DPW Sup’t Ware stated there are a lot of things that you do not get in a normal job with the Village. Trustee St. Germain stated she thinks it is great if somebody comes in and they have that opportunity to better themselves. The Mayor stated we will table it.

He continued when that whole thing came up, we do have 3 unions, so this will be the 1st union to have that added; we need to reach out to the other unions and then do the Personnel Policy, so it is legal. He added for this yr. it will be a floating holiday for DPW
for this yr. and starting next yr. it will be a holiday that everybody gets. Trustee Wilmer stated this will be a Comp Day that everybody gets. DPW Sup’t Ware stated it will be a floater this yr., then next yr. we will observe it on the holiday.
