

VILLAGE OF NORTH SYRACUSE

LEGAL NOTICE

PLEASE TAKE NOTICE that a public hearing will be held by the Board of Trustees of the Village of North Syracuse on the adoption of Local Law #2 of 2024, a local law allowing for a property tax levy in excess of the limit established in General Municipal Law 3-C. Said hearing will be on the 28th day of March at 5:29PM at the North Syracuse Community Center, 700 South Bay Road, North Syracuse, New York. The Village Board will meet at the said time and place and will hear all persons in support of such matters or any objections thereto. Dated this 15th day of March 2024, Village Board of Trustees, Dianne Kufel, Village Clerk-Treasurer.

Dianne,

As you will see our pricing is significantly higher than your previous contractor/trapper.

By NYS DEC law the traps must be checked every 24 hours and animals removed under that same time frame.

We set our route and new appointments the previous night so we can manage our time and resources more efficiently.

Typical ground work (skunk, woodchuck, chipmunk, raccoon) yields 1- 4 animals depending on the target animal, weather conditions and season.

Typical ladder work- ladder off/on truck each check (squirrel, raccoon, bird in vent) yields multiple animals depending on the target animal, weather conditions and season. *Example: squirrels typically 2-10 depending on the length of time the problem occurred.*

If the problem is out of the scope of our services we will alert you immediately and give recommendations if possible. *Example: damage/conditions of location too extensive to trap- garbage, deteriorated/unsafe structure where animal is located.*

We do not handle mice, snakes, nesting song birds or bats.

Thank you for your consideration. I realize this is lengthy but we wanted to be clear and thorough in our scope of services offered.

Kind regards,
Mike and Cindy Kraus

Subject: RE: [External] Kraus Nuisance Control intro

Thanks for reaching out.

Our procedure works as follows:

We receive the call from the constituent (we make sure they live in the Village – many times they say they live in North Syracuse, but they are NOT in the Village of North Syracuse). We could/can provide you with an arial drawing of all the streets and where they are. We log it on our log sheet – where the animal is located (behind shed) – if in back yard, we ask if gate is unlocked. We get their phone number, name address and whether it is their first call or second call – we document (because the Village benefit with being a resident is we will pay for the 1st call in a calendar year), but if it is their 2nd call – they work out a deal with you directly and they pay. For instance, they call in March and a skunk under steps, then if they call in June and have a woodchuck, they work this payment out with you directly. We were charged \$99 for the complete service and just starting last year, Jeremiah increased it as follows: Brings the trap and set it up (\$150) – leaves it there for 5-7 days and checks it.....if an animal lands in the cage, he charged an additional \$125 to take the animal away. Often times, the homeowner would call us within a day or two and say there is an animal in the cage. Then we would reach out to you directly to let you know.

We gather all this information and call you. Typically, Jeremiah would come that day or the next day.

Jeremiah billed twice a year and so did his Dad.....that is just the way they did it. We are available to pay every two weeks, so whatever system works best for you.

Please respond and let us know if this seems like a good system.....I will have this as an agenda item at our next Board Meeting.

Thanks again.

Best,

Dianne Kufel/ClerkTreasurer

Dianne,

Thank you for taking my call today.

We would be interested in more information regarding your nuisance control service offered to your residents.

Please detail how the flow of work is handled within your village.- from resident contact thru payment.

It will allow us to better understand your needs/expectations of a trapper and how this service has worked in the past. We will offer a proposal to consider once we understand the scope and frequency of the work you need/expect.

For reference-

We are an owner/operator of a small business established in 2018.

Michael handles the field work and I handle the administration side.

Michael has been a trapper for 50+ years.

We are certified Trapper Training Instructors for NYS DEC.

We handle beaver work for several municipalities- Including Town of Clay, Town of Dewitt, Town of Homer.

We bill with service fee and per animal charge

- service fee to set & check trap(s) daily
- remove & dispose fee per animal.

We are licensed by NYS DEC (#2717) and insured by Dryden Mutual Ins- our agent is RK Johnson in Camillus.

Kind regards,

Cindy Kraus

BOARD of ETHICS – Duties and Responsibilities:

Councilor Young moved the adoption of a resolution approving that the Board of Ethics will meet at least once annually and require the Chairman to provide a full in-person report to the Town Board at or immediately after the annual Organization Meeting of the Town. The Town Board will review all financial disclosure forms for completeness and shall have access to the inquiry procedure. A list of active Town vendors will also be supplied to the Board of Ethics annually for conflict screening review and maintained by the Board for consultation on a case-by-case basis. Motion was seconded by Councilor Hess.

Ayes – 7 and Noes – 0. *Motion carried.*

Assessment – Low Income Seniors:

Councilor Pleskach moved the adoption of a resolution allowing the Assessor to add full taxable IRA distributions to exemption(s) for low-income senior citizens and those with disabilities. Said resolution is to insure that only legitimate low income senior citizens and those with disabilities qualify for the exemptions (RP-459 and RP-467) designed to keep them in their homes by allowing the Assessor to include IRA distributions and IRA annuities not included in the Federally Adjusted Gross Income (FAGI) in the calculation of income for exemption purposes. By doing so, this will fine tune the income calculation process by excluding those applicants who are not low-income applicants from receiving the exemption, thus assisting the town in keeping tax rates stable for all taxpayers. Motion was seconded by Councilor Hess.

Councilor Young said that this resolution will remove a much needed property tax exemption from senior citizens and handicapped residents, the most vulnerable among us and there is no proof of how much this will increase the town tax base. He concluded that he will vote against it.

Councilors Bick and Pleskach both stated that this is reasonable and that it follows state and federal guidelines regarding low income status.

A roll count vote went as follows:

Councilor Miller	No	Councilor Magaro-Dolan	Yes
Councilor Young	No	Councilor Ulatowski	Yes
Councilor Bick	Yes	Councilor Hess	Yes
Councilor Pleskach	Yes		

Ayes – 5 and Noes – 2. *Motion carried.*

ATTENTION: This email message was received from someone outside the Village of North Syracuse. Please DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon:

I just received the information that Liverpool CSD did not retool their resolution for the senior citizen/disability exemption.

This provides an opportunity for Liverpool CSD, N. Syracuse CSD, the Village of N. Syracuse and the Town of Clay to get on the same page with exemption amounts and options. We are all in the same demographic, so there really is no reason why this cannot happen.

Currently everyone is at different levels with different options, which makes administering this a nightmare for us and very confusing for taxpayers.

The County is the only jurisdiction in Clay that has adopted the maximum amount. This county is one of only 6-7 in the state that does not share sales tax revenue with other jurisdictions (except the City of Syracuse), so they are the only jurisdiction that can compensate for the loss revenue with other revenue streams. All 5 school districts, the Town, and the Village did not alter their amounts. The Town of Clay did **vote to include the taxable amount of the IRA**, which was a wise decision. All jurisdictions should do this.

As some of you know, my information indicates that the maximum level of \$58,400 was pushed by a Westchester County Senator, where the median household income is over \$105,000.

Here in this county the median household income is just over \$66,000.

My belief is that all the above mentioned jurisdictions should consider being at the same income level, somewhere in the low to mid 40s and include the taxable portion of the IRA. Considering rising costs for all, giving away too much on an exemption of this volume can raise the rates for all taxpayers within each jurisdiction

It would be appropriate to all be in the same room for this discussion at some point soon.

Respectfully,

Rob

January 24, 2024

To: North Syracuse Village Board
From: Rob Bick, Assessor-Town of Clay
Subject: RP 467-459 income requirements information

Ladies and Gentlemen:

There have been tremendous interest, concern and questions regarding the new income limits and various other requirements surrounding the new low income senior and disability exemptions.

At this point in time only Onondaga County has voted to increase the limits within Clay jurisdictions. The County collects all the sales tax money, one of only 6 counties in the state that DOES NOT SHARE sales tax revenue with towns, so they can afford to make fiscal decisions other jurisdictions cannot. I have 5 school districts within the town, and none have voted to increase the limits (that I know of)

History:

*The new exemption limit was pushed by a Westchester County Senator, and area where the median household income is substantially higher than this area and the maximum limit of \$58,399 is only 55.5% of median household income. (Median household income \$105,387)

*In comparison, the maximum of \$58,399 is 88.5% of Onondaga County median household income, which is \$66,102 and 90.43% of the Village of North Syracuse median household income, which is \$64,583.

*The current Village limit of \$37,400 is 57.9% of median Village income, already in the ballpark of the new limits in the sponsored area of Westchester County. Roughly right where it should be.

*Onondaga County numbers show a 60-62% increase in applications due to raising the limits to the maximum in Salina and Manlius.

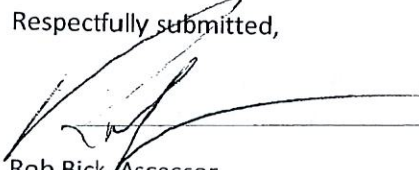

*The Village is currently 1.47% exempt in Clay and 1.72% exempt in Cicero (3.19%) total for the low income senior and disability exemptions. For arguments sake, if the limit goes to the maximum in the Village (\$58,399) it could increase the volume of exemptions 62% (best data available). If all income constants remain the same, this could increase the reduction in the tax roll 1.97%, from 3.19% to 5.16% for these exemptions alone.

*This means an increase of the tax rate of 1.97% to cover this loss would allow you to break even, not generate new revenue.

*Clay voted to add the taxable amount of an IRA for income purposes simply because individuals with substantial IRA withdraws are generally not low income.

*The key here is that this exemption for is for LOW income seniors, not ALL seniors. Clay is very fiscally responsible. Our town/highway tax rate is \$1.88 per thousand, where Cicero and Salina, two towns that have approved the maximum, are at \$3.10 and \$4.77 respectively.

Respectfully submitted,

Rob Bick, Assessor
Town of Clay

3. FINANCE: Don Weber, Real Property Tax Director; Steve Morgan, Chief Fiscal Officer; Marty Masterpole, Comptroller

Mr. Weber presented items 3a and 3b.

a. Adopting and Directing the Correction of Certain Errors on Tax Bills

- How did state property get on the role?
 - When the state takes title, the assessor neglects to put a special exemption code on it, so the computer does not recognize it should be exempt; county finds it when it is delinquent

A motion was made by Ms. Abbott, seconded by Mr. Kinne, to approve this item. Ayes: 6 Absent: 1 (Burtis); MOTION CARRIED.

b. Directing a Public Hearing to Consider Increasing the Income Limitation Relative to Partial Exemption from Real Property Taxes for Persons 65 Years of Age and Over (August 1, 2023 at 12:55 p.m.)

- Increase income limits for senior citizen property tax exemption
- Last year NYS allowed local governments to increase maximum limit (did not have ability since 2006)
- Will keep to the maximum allowed by NYS
 - Previous income limit was \$29,000 - \$37,400
 - Increasing income limits to \$50,000 - \$58,400
- Keeping pace with inflation; comparable salaries from 2006 to now

Questions/Comments from the committee:

- Any consideration or any impact to the assessor's workload with this change?
 - Believe there will be significant increase to Town Assessor workload
 - 2 towns increased limits last year: Manlius and Salina
 - Number of exemptions increased 60-62% in both towns; quite a few more applicants walking in the doors
 - Workload is a town function, not county
 - Not aware of any grants available as this is something every town administers; unlikely for NYS to put extra money towards it
- Does this involve an application?
 - Yes; annual renewal
 - Senior citizens will have to physically go to town hall and bring tax returns or social security income statements to prove income for exemptions
 - Onerous on everybody
- Communication campaign may bring more streamlined process to local assessor's office
- It could be an additional 62% of applications beyond who is already eligible
 - That is what the 2 towns that passed it saw
 - Would assume the same, but there may be a variation with more rural towns
- How is this communicated to the towns?
 - Towns are aware of it and have been for some time
 - 2 ways of notifying property owners:
 - Statement on back of every tax bill stating the exemption exists and to contact assessor's office
 - Towns now required to send 2nd or 3rd notice in February to let taxpayers know it exists (new last year)
 - Doing this to give plenty of time for towns to notify constituents of this change
 - Has to be implemented and records updated within town assessor's office by March 1st next year
 - This will take effect for the 2025 taxes

Total Exempt Percentage - Cicero 1.729%

MEMBER COMMENTARY

Money Matters

By Rob Bick

At the moment, many New York State municipalities and schools are considering raising or have recently raised the low income limits from the old \$37,399 maximum to the new maximum of \$58,399.

The new rate, set forth in Bill S3085A (2021), provides a generous increase in the potential income earned while still falling under the limits for the exemption.

Sounds like a reasonable plan, right? Inflation, at a percentage far greater than the Federal Reserve will admit, has done a wonderful job of lowering the standard of living for most Americans, especially those with lower incomes. (Very few believed "corporate greed" is transitory, as the Fed would have you believe and the problems created by the Central Banks policies of Quantitative Easing and Mortgage Backed Securities are just beginning to materialize.)

This legislative process was intended to not only provide a greater benefit to those in need, but to simplify the application process. The jury is still out on that. I currently have seven different maximums to deal with, some with medical, requiring up to four different calculations for one exemption. The word of the decade to describe this is: nonsense.

One thing is for sure, in many scenarios this may DOUBLE the volume of exemptions required to be administered by personnel in local assessors' offices already bombarded by exemptions of all shapes and sizes. Will you get more resources? Doubt it! You have heard me say this in the past, and it still rings true like church bells on Sunday: Nobody cares until they get a tax bill. Sad but true.

So, let's take a moment to examine one aspect of this that no one has looked at: percentage of maximum exemption per county median household income.

Per our crackerjack legislative guru, the unflappable Scott Shedler, IAO, this was a "Westchester County" bill. My thought on that is that sure, the exemption amounts were geared towards property values/incomes/property taxes in Westchester County.

So, let's bounce around the state and dance with the numbers:

COUNTY	MEDIAN HOUSEHOLD INCOME	MAX AS % OF HOUSEHOLD INC.
Westchester	\$105,387	55.5%
Nassau	\$126,576	46%
Albany	\$73,810	79%
Onondaga	\$66,102	83.5%
Oswego County	\$61,983	94%
St. Lawrence County	\$54,351	1.075%
Broome County	\$53,982	1.08%

I think you get the idea. What makes fiscal sense in one county makes no sense in another. Politicians often cater to large "voting blocks" at the expense of fiscal common sense. No news there.

For example, as a family of four making \$55,000 in Onondaga County you get a basic STAR. As an RP 467/459 recipient in a two-person (or one-person) household, you will receive the Enhanced STAR AND an additional 20% off both the school and property taxes. Obviously, there are multiple variations of this scenario. This is just one. In counties with very low median household incomes, the low income maximum exceeds the

MEMBER COMMENTARY

Member Commentary, continued from page 9

median household income. In others, like my county, it comes very close. Ouch! This does not look too "family friendly." (Check your own county—ironically 55.5% of Onondaga County's \$66,102 is \$36,356, just below the former state maximum of \$37,399. Things that make you go HMMMM!)

Is approving the maximum the correct approach or not? Your own municipalities and schools will be the judge. My thought is that approving the maximum in a county with a lesser median household income pushes the tax burden further onto working families and it could be considered fiscally reckless to the majority of homeowners. It is possible that a more moderate approach could apply with the potential for future limit increases? A measured approach is an opportunity quantify the long term impact. Others may feel differently.

Some who read this will say I must not appreciate those with lower incomes. Not the case at all. In a perfect world part of this process should be about balance, fairness FOR ALL, and maintaining the fiscal stability of the municipality. These are issues we deal with in the trenches. The lawmakers are greatly removed from these very same trenches, though they would have us believe otherwise.

When you combine this potential scenario with the state mandated solar farm "corporate welfare" program, poorly negotiated and administered IDA deals permeating the countryside, increasing volumes of special exemptions for special circumstances, endlessly lower utility values determined by the state—even as profits rise, and a lack of political will to reform the property tax system at the state level, it appears from an insider

perspective that working families will be required to shoulder more and more of the property tax burden in the state as time goes on. The trend is too obvious to ignore.

No matter how you slice it, there is no lemonade from these lemons for the majority.

"I'm proud to be paying taxes in this country. I could be just as proud paying half the money."

Arthur Godfrey

"In 1790, the nation which had fought a revolution against taxation without representation discovered that some of its citizens weren't much happier about taxation with representation."

Lyndon B. Johnson

CNY Property Appraisers

New Low Income Senior Citizens and Disability income requirements and options 2023

1. Social Security benefits not included in your Federally Adjusted Gross Income (FAGI) are considered income-**UNLESS YOUR LOCALITY OPTS TO EXCLUDE THEM!**
*****They have always been included*****
2. Distributions from an individual retirement account or individual retirement annuity included in your FAGI are NOT considered income **UNLESS YOUR LOCALITY OPTS TO INCLUDE THEM**
*****This exemption is for LOW INCOME seniors, not ALL seniors We have people taking 10s of thousands of dollars, and in some cases 6 figures out of annuity accounts and IRAs-they are NOT low income. That is why we need to include this for income*****
THIS REQUIRES A RESOLUTION
3. Medical and prescription drug expenses not being reimbursed or paid by insurance can be deducted from income by local option. Out of the 8 taxing jurisdictions I administer exemptions for, only the Town of Clay and the North Syracuse School District had approved this in the past. It is very cumbersome to administer. Taxpayers come in with plastic bags full of receipts and expect us to add them up. *****We DO NOT need to include this*****
4. In-patient residential health care facility costs are deductible from income. It has always been this way. No decision necessary- it is the law.
5. Any tax exempt interest or dividends not included in FAGI is considered income. No decision necessary-it is the law.
6. Any business losses claimed on Federal schedules C, D,E,F or any other separate category CANNOT exceed \$3,000, and the total amount of losses cannot exceed \$15,000. No decision necessary-it is the law.

INCOME LIMITS - DIFFERENT ISSUE

Those which, exclusive of the foundation, show 33% or more of damage or deterioration of the supporting member or members or 50% of damage or deterioration of the nonsupporting enclosing or outside walls or covering.

- C. Those which have improperly distributed loads upon the floors or roofs or in which the same are overloaded or which have insufficient strength to be reasonably safe for the purpose used.
- D. Those which have been damaged by fire, wind or other causes so as to have become dangerous to life, safety, morals or the general health and welfare of the occupants or the people of this Village.
- E. Those which have become or are so dilapidated, decayed, unsafe or unsanitary or which so utterly fail to provide the amenities essential to decent living that they are unfit for human habitation or are likely to cause sickness or disease so as to work injury to the health, morals, safety or general welfare of those living therein.
- F. Those having light, air and sanitation facilities which are inadequate to protect the health, morals, safety or general welfare of human beings who live or may live therein.
- G. Those having inadequate facilities for egress in case of fire or panic or those having insufficient stairways, elevators, fire escapes or other means of communication.
- H. Those which have parts thereof which are so attached that they may fall and injure members of the public or property.
- I. Those which because of their condition are unsafe, unsanitary or dangerous to the health, morals, safety or general welfare of the people of this Village.
- J. Those which provide a substantial life-safety hazard to the occupants or general public because of noncompliance with the New York State Uniform Fire Prevention and Building Code.

§ 94-5. Inspections and reports.

The Codes Enforcement Officer and/or Fire Marshal shall be the enforcement officer of this chapter and shall make inspections of all unsafe buildings and structures within the Village. The Codes Enforcement Officer and/or Fire Marshal shall report to the Board of Trustees all unsafe buildings and structures which from time to time may be found within the limits of the Village. When it is reported to the Board of Trustees that a building or structure is in an unsafe or dangerous condition, the Board of Trustees shall direct the Codes Enforcement Officer and/or Fire Marshal to inspect the same and to report the condition of the same and his finding to the Board of Trustees with all convenient speed.

§ 94-6. Determination by Board to remove or repair.

The Board of Trustees shall thereafter consider the report of the Codes Enforcement Officer and/or Fire Marshal and, by resolution, determine, if in its opinion the report so warrants, that said building or structure is unsafe and dangerous and order its removal or repair, if the same can be safely repaired, and further order that a notice shall be given to interested persons or corporations in the manner as hereinafter provided.

§ 94-7. Contents of notice to repair or remove.

The notice shall contain the following:

- A. A description of the premises.
- B. A statement of the particulars in which the building or structure is unsafe or dangerous.
- C. An order requiring the same to be made safe and secure or removed.

Subject: Trees at 11 Lee Terrace
Attachments: Back Tree.jpg; Front Trees.jpg

Good Morning,

Robert Lindsey at 9 Lee Terrace contacted the Codes office yesterday concerned about a few trees in his neighbor's yard (11 Lee Terrace). Two in the front yard one in the back yard. He stated that in the past a limb has fallen off of one of the trees in the front yard and smashed their vehicle. I attached a couple of photos of the trees that he is concerned with. I stopped this morning (03/14) and spoke with Robert and took the photos. 11 Lee Terrace is also a rental property.

I informed him that the Village has a Tree Board, and I wasn't sure of the exact nuances that have to be done to get the trees removed or even if the authority is there.

If possible he would like a call: 315-944-8972.

Respectfully,

Nicholas Rohm

Attn: Tree Board & Pearl Fuller, Codes Clerk

Hello Mr. Rohm.

My name is Pat Searles, and I live at 102 Post Lamp Circle in North Syracuse.

Back in June 2021 there was a very bad rain and hailstorm that came through our area and lasted quite a while. I believe there was even a possible reported tornado someplace in our state because the winds and rain were so high. Because of those winds, the trees that run along South Bay Rd., which are over my fence in my backyard were starting to bend, and I was afraid they were going to fall over, possibly damaging my fence and/or property, as well as my neighbors fence, property, his shed and possibly his roof.

The Codes Enforcement Officer at the time I talked to (I believe his name was Brian) told me that Mr. (Donald) Grimsley owned that property and the strip of land that went from Church Street all the way down along the property along South Bay Rd. to almost Driver's Village area.

From the date of the storm in June, I started taking screenshots on my phone of the line of trees. I then emailed Mr. Grimsley for his reference as well. I kept sending emails and photos to Mr. Grimley's workplace at his insurance company on Taft Road. I never had any other information about him and was never notified by his staff there of another email for a possible office that handled his property management issues.

I impressed upon him many times that I was concerned that these trees were going to bend or break and fall over and do some damage — if not on my fence or my neighbors because our town houses are adjoining, — but possibly the road that runs behind my backyard

into an apartment complex only mentioning it because that's the only way in and out for the people that live there and that could be a problem.

I also was worried if the tree(s) fell in an opposite direction possibly across South Bay Rd. then traffic would be a problem and possibly vehicle damage if it occurred during work traffic.

However, I must've been the only one worried all this time because I have yet to hear a reply back from Mr.(Donald ?) Grimsley, or anyone in his office, directing me to notify him at a different email address, possibly for his property management. So I'm not sure if my emails were ever even received !

Over the years, up until 2023 maybe ,I continued to take photos and send them and an email to him for updates on how the trees were changing and gradually bending down more and more. No reply!

The tree that I'm concerned about is directly over my back fence and it is getting old, cracked & rotten & keeps dropping many broken limbs falling off or breaking up when we have high wind, storms, or rain or snow.

Right now there is a separate lower branch that was on the lower end of the tree that is now hanging over my backyard on the inside. That has a big mess of a lot of intertwined branches that'll need to be addressed at some point.

Unfortunately, I don't have any garden tools to do anything about it!

I am a senior citizen who has had to have any of my yardwork contracted out, and I have to pay for whatever necessary services I have to get done.

In saying that, I have thought many times to just have someone come to cut the tree down or at least trim it up but I don't know if that's my responsibility legally to get it done or spend my money that I don't have budgeted for or if it's the landowner's expense because it's not even my property! I don't want to break a law by doing anything I'm not legally responsible for.

Over the years I've had help picking up dropped tree branches or pushing back on the sturdy Grapevine that seems to be growing and intertwined in the tree's branches.

I don't mind when the grapevine starts turning green and it creeps along the top of my back fence because then it goes up a couple of inches and it helps give me a little bit of privacy from the traffic on the roads. It is pretty sturdy, and I think that even some of the dead branches from that tree must be held up by the vine itself.!

I would like to request someone in your office to come and physically inspect the tree(s) in question and give me your professional and expert opinion.

Perhaps she would also like to bring a staff member or an employee of your department of transportation or highway department to see what their opinions would be.

If you think it's deemed a hazard, then perhaps you can get it taken down. If you're unsure, may I suggest you call an arborist to come and check the status and health of all of these trees and how much longer they're going to even live and continue to be a nuisance.

There is a road that goes to the rear of the vitamin store once you pass it and it'll go to where the apartment complex is. You could pull off your side of South Bay, across from Home Outlet, to inspect trees as well.

I'm on a fixed income. I have no extra money to spare for cutting down trees or making repairs to them in any way, especially if it's not my responsibility.

Could you please arrange for a visit to inspect these trees before they do any damage?

I only was told to mention your "Tree Board" to you but I'm unsure what they do? Please explain.

You may need to check the Tax Rolls to see who the actual owner of this property is as well. Then if any action is required, you can advise them legally to do something.

I would suggest you bring someone with expertise on trees....an arborist maybe or perhaps someone in your highway or transportation department to give their input?

I will attach a couple photos that I took this morning so you can see a little bit of what I'm talking about.

I'm not sure I retained any older ohoyis from June 2021 forward since I needed my iPhone storage updated many times and may have deleted them.

FYI: I had a contractor here today getting a mowing contract estimate and he noticed the hanging tree and told me that he would cut

off just at the one low hanging branch that is broken and that has created a mess inside my backyard for \$300. He also indicated most contractors would charge me \$3000. I don't have either of those amounts on hand, and it would take me quite a long time to save for it.

Sometimes being a senior citizen on a fixed income doesn't always give you all the perks that you desire or need so I am looking for help anywhere that I can get it.

I know you're busy but I hope you'll take the time to come by and review the trees in question.

my backyard and the tree in question.

I have long ago given up emailing Mr. Grimsley any photos or emails of my desperation since he has not responded to me in the last three years on the situation.

The last memo I wrote, I indicated, perhaps he was just waiting for me to put a claim in once the trees fell down. But even that didn't spur a response from him.

So perhaps the ownership has changed hands, and I am at a loss as to who to write to now?

The courtesy of your reply will be greatly appreciated at your earliest convenience.

Thank you.

Regards,
Pat Searles

1st picture -
My backyard & my tree in question

And 2nd picture is part of the line of a few trees over my neighbor's new back yard fence he installed this Spring. He also does mow that strip of lawn to keep it free of debris or getting out of control as well.

Attachments: 100 Mary Tree.jpg

Good Afternoon,

Attached is a photo of a tree located at 100 Mary St. William Johnson, at 114 Catherine St. called to voice his concern over the tree and that it is dangerous and falling down. He can be reached at 315-373-6747.

I informed him that I will be out to take a photo and pass along the complaint to the Tree Board.

The tree has limbs that have fallen off onto the property and house. Not knowing anything about the general health of trees, I cannot say if it is dead or alive.

Respectfully,

Nicholas Rohm

Good Morning,

102 Highland Ave has been posted with "No Admittance" signs, and "Extreme Risk" placards in accordance with the 2020 Fire Code Section 311. The building has been posted on both the front of the property facing the road, along with the main entrance side.

The electric has been shut off to the building, and the gas. Both meters have been removed. I am told that the water has been disconnected as well.

Subject: 102 Highland Ave Unsafe Structure

Good Morning,

In accordance with Village Code, §94-5 Inspections and reports, I am notifying the Board of Trustees that 102 Highland Ave is an unsafe structure. In the recent past the Codes Office has attempted to contact and work with the owner of the property, Tim Nash, without success. I have attached photos of the property as well.

IMG 0556: taken today, 03/04/2024, current condition front wall along Highland is collapsing in the middle, chimney is collapsing too.

IMGs 0352; 0353; and 0354 are close ups of the front of the house. These were taken in the fall, no work has been done to correct this.

IMG 0381: taken in the fall is the interior of the home with a load bearing wall collapsing.

IMG 0388: taken in the fall is from the entrance way in. Please note that the doorway inside has a header that is out of level, this is due to the wall collapsing.

The property will be posted today. Waiting on Pam to sign the papers.

Respectfully,

Nicholas Rohm

RECEIVED

MAR 23 2024

VILLAGE OF N. SYRACUSE

Dear Mayor Butterfield:

Thank you for submitting a transportation planning assistance application as part of the Syracuse Metropolitan Transportation Council's (SMTC) 2024-2025 Unified Planning Work Program (UPWP). We are pleased to inform you that the Village's *pedestrian & vehicular safety along Van Mara Dr & Grove St* application has been selected for inclusion on the annual work program.

Although the SMTC Policy Committee adopted the new 2024-2025 UPWP on February 29, 2024, the program is not effective until April 1, 2024. Within the next month or two, SMTC staff will contact the Village to schedule a time to begin project scoping. Currently, we are trying to close out this year's program and that is the priority through early April.

If you have any questions on the program, please feel free to contact me.

Sincerely,

James D'Agostino

James D'Agostino
Director

cc: Mario Colone, SMTC
