Re: 444 South Main St. Brolex Properties, LLC

To: Planning Commission Members,

I have reviewed the plans submitted for the above listed project and my findings are as follows:

Looks good; no concerns for DPW.  
 Drainage     Water     Sewer     Sidewalks     Snow Removal  
 Right-of-way     Streets/Roads     Safety     Trash Removal

Concerns: \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Items I would like the Planning Commission to address:

Drainage     Water     Sewer     Sidewalks     Snow Removal  
 Right-of-way     Streets/Roads     Safety     Trash Removal

Recommendations:

Based on factors that would affect DPW or its Operations, I recommend the following:

Project does not have any negative impact on DPW or its operations  
 They make items noted a part of the conditions for approval  
 Project impacts items checked and plan needs to be modified

Sincerely,

Ed Ware  
Superintendent of Public Works
